While testing sign in functionality on sign in page with sign in with google is not working first time but second time when click on sign in with google sometime its working.

Steps to Reproduce:

1. Open login page
2. Click "continue with google"
3. Select Google account
4. If sign-in fails, click "Continue with Google" again to verify it works on the second attempt

Expected Result: User should be signed in successfully on first attempt (auto-registration).
Actual Result : Sign-in fails on first attempt, works on second attempt.
